Dear Prakash Sir,

The museum visits of 20 and 27 July gave an unique opportunity to the inventory team for surveying the museum's existing database, storage and needs.

To continue our joint effort, we have prepared a short activity proposal for the Lagat Kitaab documentation work that explain next steps of our work. Let us know if you have any comments or suggestion.

UNESCO team is ready to start the work early next week. Therefore, we would like to request your approval to start the proposed work as soon as possible and sincerely hope that museum team will also be available to facilitate the work.

The UNESCO team is constituted of:

- Leire Beltran (will coordinate)
- Kabita Tamang
- Allison Lee

under the supervision of David Andolfatto

UNESCO expects the support of the National Museum's Documentation Section members for:

- providing required space to the team to access and record the documents (Lagat Kitab)
- providing necessary information and jointly work with the team

I look forward to your positive response by Sunday, 21 August 2016. Thank you for your continued cooperation.

Best Regards  
Nipuna Shrestha (Singh)
